

Compatibility (aka why can't I do xyz on a Mac / my own computer etc.)

Because colleagues are struggling with using other machines we're starting to put together a wee list detailing what works if you're not using an LSU windows desktop PC.

This is a work in progress

Mac OS

	Yosemite	El Capitan	Sierra	High Sierra	Mojave
Exchequer	Not available for Mac - use a Windows VM instead				
Management Accounts	Won't load properly on a Mac as these need Exchequer to function - use a windows VM instead				
Excel	Exec & Dept Heads / Managers may be entitled to use MS Office for Mac as part of LSU's Office 365 subscription {more info to follow}				
Word					
Outlook					
MSL
